CloudBridge

END-USER QUICK REFERENCE · SECURECLIENT

Your workspace, at a glance.

Cloud desktops, apps, power, printers and the tray, plus Get Help when something's off. That's the whole map.

Don't Re-image, Re-Imagine

Open your cloud desktop

Inside
Power, printers, tray

Inside
Getting help

Your cloud desktop. One click away.

Your cloud workspaces and approved local apps start here. Choose a workspace tile to connect, or select **Apps**. You'll see only the apps your admins deploy and manage.

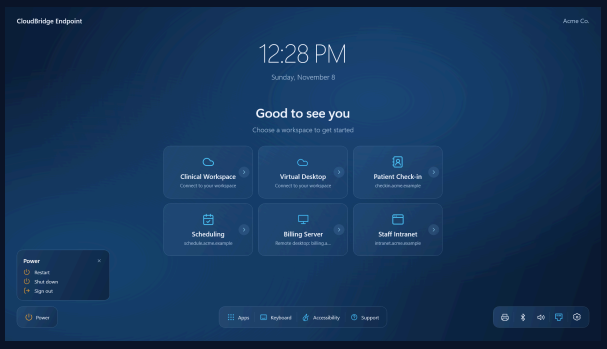

Find the workspace. Get to work.

Power, without the hunt

Select **Power** at the bottom left, then **Restart**, **Shut down** or **Sign out**.

Return to a running app

Use the tray to get back to a cloud desktop or app that's already running.

Restart, shut down or sign out.

SECURECLIENT · EVERYDAY SUPPORT

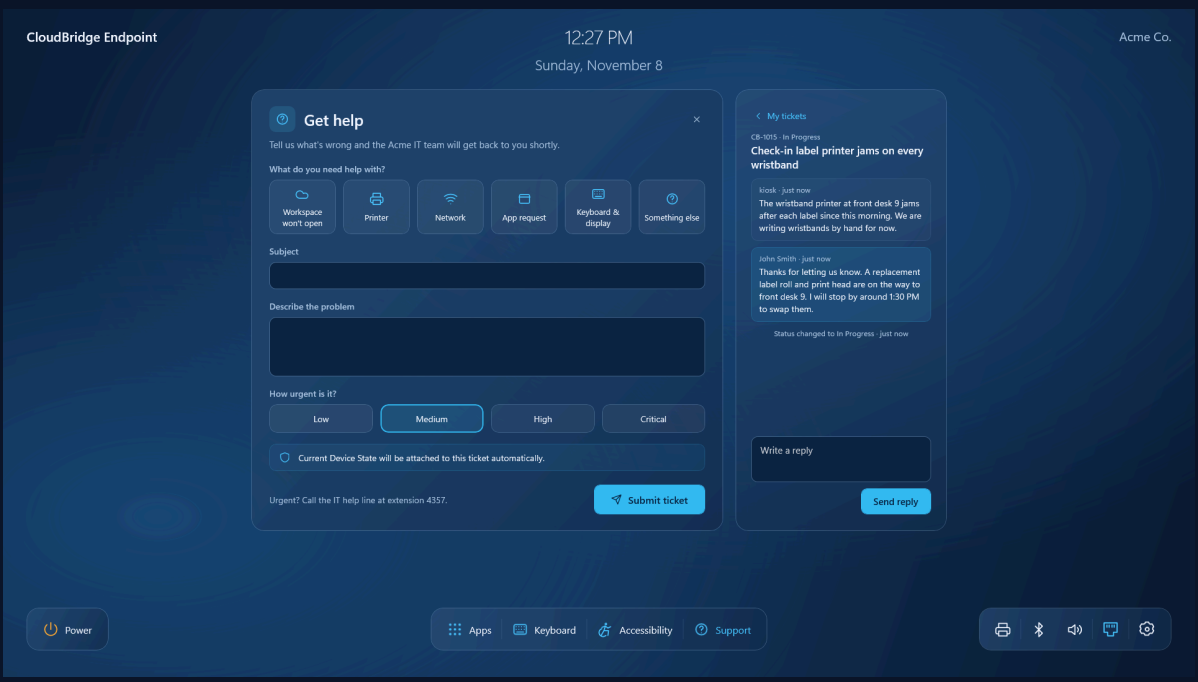

Print the work. Keep it moving.

Set up your printer

Use the printer control in the bottom-right bar. Users and admins can set up printers. Ask your IT team for the printer details for your location.

Get help

Select **Support**. Choose a topic, add a subject and describe the problem. Choose the urgency and select **Submit ticket**. Follow the conversation in **My tickets**.

Ask a question. Follow the reply in My tickets.

Don't Re-image, Re-Imagine

Missing an app or a workspace? Use the App request topic to ask your IT team.
